BSc in Geology.
University of Lagos, Lagos, Nigeria.
Sep 2009 - Dec 2014

Summary

Highly motivated and results-oriented Front-End Engineer with 4+ years of experience building high-performance, user-focused web applications. Skilled in creating responsive, pixel-perfect interfaces using React, Vue, Next.js, and TypeScript. Skilled in API integration, cross-functional collaboration, and bridging technical and business goals. Proficient with Node.js, NEST.js, and PostgreSQL for creating RESTful APIs. Strong experience working in remote-first environments and contributing to impactful projects globally. Excited to leverage my skills in a challenging, remote role to drive innovation.

Work Experience

FRONTEND ENGINEER (REMOTE)

Glover, Lagos, Nigeria| Jun 2022 - Present

- Developed pixel-perfect, responsive user interfaces using Vue Nuxt and Cypress, integrating REST & GraphQL APIs to deliver interactive web applications and improve user engagement.
- Collaborated across different time zones with cross-functional teams including UX/UI Designers, Product managers, Testers and Backend Engineers to deliver feature-rich applications.
- Developed a diverse portfolio of customer-facing and internal web applications, showcasing adaptability and versatility.
- Actively engaged in code reviews and fostering a culture of excellence through pair programming.
- Spearheaded performance optimisation initiatives, resulting in better user satisfaction and retention.

FRONTEND ENGINEER (REMOTE)

Patricia Technologies, Lagos, Nigeria | Jul 2021 - Jun 2022

- Converted design mock-ups to dynamic web applications with HTML, CSS, JS, React, Next and TypeScript
- Integrated third-party APIs; enhancing analytics and elevating overall customer satisfaction.
- Pioneered the implementation of accessibility features, creating inclusivity in user interactions.
- Established robust collaboration with UX/UI designers to refine and perfect user interfaces.
- Actively engaged in code reviews while upholding rigorous code quality standards.

FRONTEND INTERN (REMOTE)

DJ Agency, Ontario, CA | Jun 2020 - Jul 2020

- Contributed to developing a web 3D modelling and animation software powered by React & WebGL
- Employed meticulous version control practices to drive efficient development workflows in remote collaboration
- Engaged in crucial design decisions while collaborating with esteemed senior developers.
- Conducted comprehensive user research to inform and drive UI/UX enhancements.
